

Bash Out Profiles

By IllagerCaptain#0001

§ 1 - The Why

§ 1.1 - Experience

It could provide an overall better experience. It would also house a whole lot of fun.

§ 2 - The What

§ 2.1 - The Profile

The Bash Out profile would be attached to your Discord profile, and allow you to save a car, and maybe even customize it to your liking.

§ 2.2 - Cosmetics

Car Cosmetics would be little vanity items for your car (Ex. Party Hat, Trails, etc), and could be unlocked via leveling (see § 2.3 - *Leveling*), paying money, having Nitro, maybe even a cosmetic for Nitro Early Supporters? Overall, I feel cosmetics could greatly improve the experience.

§ 2.3 - Leveling

Each point increases your Bash Out experience, with enough experience leveling you up! Leveling up would only give cosmetic perks, and no gameplay changes. There would also be multipliers depending on a variety of things, shown below.

Nitro:

None	Nitro Basic	Nitro Classic	Nitro
100%	125%	150%	200%

Server Boost:

Server Boost 0	Server Boost 1	Server Boost 2	Server Boost 3
100%	100%	150%	200%
